

ANNOUNCEMENT

LTL UTILITY SUPPLY IS AN OFFICIAL 3M FULL LINE ELECTRICAL PRODUCTS DISTRIBUTOR

www.ltl.ca | www.ltlutilitysupply.com

At LTL UTILITY SUPPLY (Division of Lineman's Testing Laboratories of Canada) ("LTL"), we pride ourselves on carrying the latest industry-leading tools and equipment. We are pleased to announce that effective immediately, we are an official distributor of the full line of 3M electrical products.

At LTL, we stock the 3M products you use everyday: splices, tapes, power connections, cold/heat shrinks and more. We will be your source for all 3M electrical products and will work with you to ensure we inventory any additional 3M products that you may require.

LTL's team includes industry-experienced inside and outside sales product specialists, including certified journeymen-linemen by trade who have first-hand experience using the same tools we supply, degreed business personnel, electrical engineers and technologists, master electricians, laboratory technicians, and factory-authorized repair technicians.

We look forward to supporting all your needs as we welcome 3M on board! For more information on the 3M Product Line or to learn more, contact an LTL Product Specialist.

About 3M - Science. Applied to Life.™

We reduce the weight of power lines to help more power reach more people. We help manufacturers use less, while accomplishing more. We automate health care data so the right people get the right information. Across the globe, 3M helps companies and individuals succeed every day. All while contributing to true global sustainable development through environmental protection, corporate and social responsibility and economic progress. We are applying our science to make a real impact in every person's life around the world.
